(1 unit = 1 kWh)

GST

Your account will be calculated as normal using the tariffs above.
We will then add the GST as required.

Payment to be made by monthly direct debit or other agreed method.

See overleaf for conditions and standing charge information.

For more information please contact our accounts department on 755500.

The conditions of the Commercial Tariff

- a This tariff is available to catering, industrial and commercial customers who use gas for their business.
- b Payments must be made by monthly direct debit or other acceptable budget method.
- c The monthly standing charge for this is assessed on the connected load.
- d Our inspector will call on a regular basis to read your meter but we reserve the right to render an estimated account based on an assessment of your previous gas consumption in lieu of an inspection.
- e The Company reserves the right to require a deposit to be held against charges for gas consumed, such deposit to bear interest at the rate of 4% per annum for each complete period of 6 months it is held by the Company.
- f If your account is in credit you can request a refund on the balance of your quarterly Statement.

Please note, refunds will only be processed against actual meter readings.

Tariff agreements will run continuous and are for a minimum 12-month period. If you wish to cancel the tariff agreement before the end of the minimum 12-month period, this must be requested in writing. We reserve the right to terminate the tariff agreement if the terms and conditions are not met.

Telephone 755500 or visit The Energy Centre.
